How exactly does
the leads system
work?

EDUFINDME's Pricing Structure meets your bottom line

Now that you've set up your free profile, you're ready to begin recruiting thousands of talented students from all over the world, without setting foot off campus!

EDUFINDME offers a pay-as-you-go system to acquire your student and professor leads that allows you to easily track your expenditures and save money in the long run. Here's how it works:

Once you have validated the email address on your account, you are able to purchase leads at any time from the My Account area in your My EDU-Community tab.

All transactions are made securely via **PayPal™**. This area will also allow you to view all of your account activity at any given time.

EDUFINDME's Pricing Structure meets your bottom line

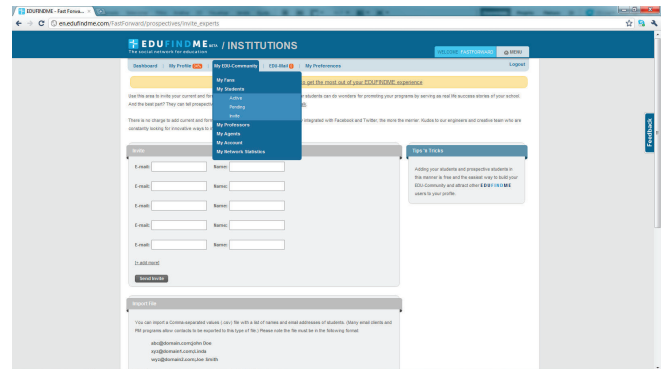

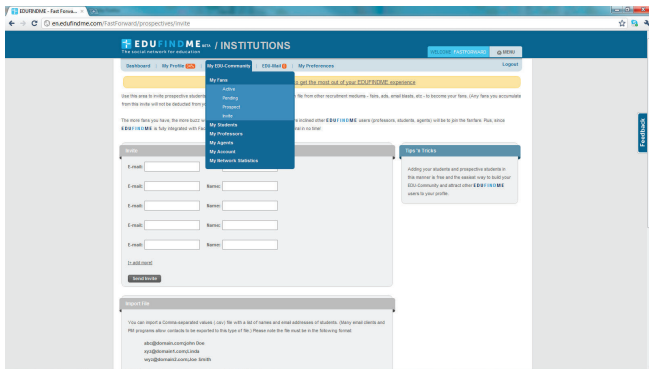

In order to send a student a fan request, you must first purchase leads. As with most goods and services in life, the more you purchase, the less expensive they become.

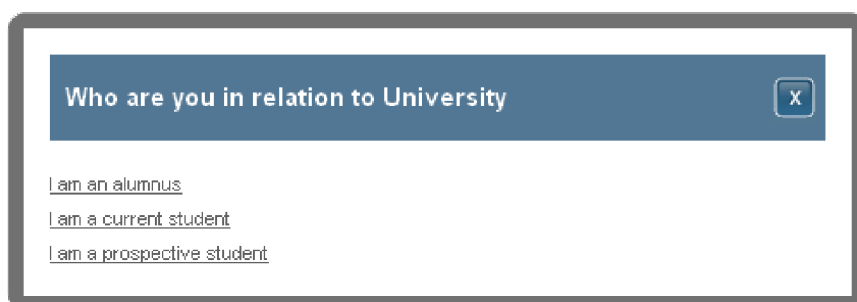

Student Lead Pricing:

Student Leads	Price in USD
1 lead	\$17.00
100 leads (\$15 per lead)	\$1500.00
200 leads (\$13 per lead)	\$2600.00
350 leads (\$11 per lead)	\$3850.00
500 leads (\$10 per lead)	\$5000.00
1000 leads (\$8 per lead)	\$8000.00
2000 leads (\$6 per lead)	\$12000.00

There is no charge to invite your current and former students from your institution to join your EDU-Community which can be done using the Invite feature under My EDU-Community.

Keep in mind students must indicate that they are alumni or current students when they are prompted to do so in order to accept the invitation.

Professors are considered to be premium leads given their direct linkage to a multitude of students.

Professors can also be a means to forging relationships with other institutions.

You will find that many professors on EDUFINDME are involved in their institutions' study abroad and/or international relations departments and others are always on the lookout for international programs for their pupils.

There is no charge to invite your professors staff and former professors of your institution to join your EDU-Community which can be done using the Invite feature under My EDU-Community.

Keep in mind professors must indicate that they are staff or have worked at your school before when they are prompted to do so in order to accept the invitation.

You and Institution

What's your relation with Institution?

I have worked at Institution in the past

I currently work at Institution

Just want to build my network

I would like to work at Institution

SEND

The price for a professor lead is \$120 USD per professor.

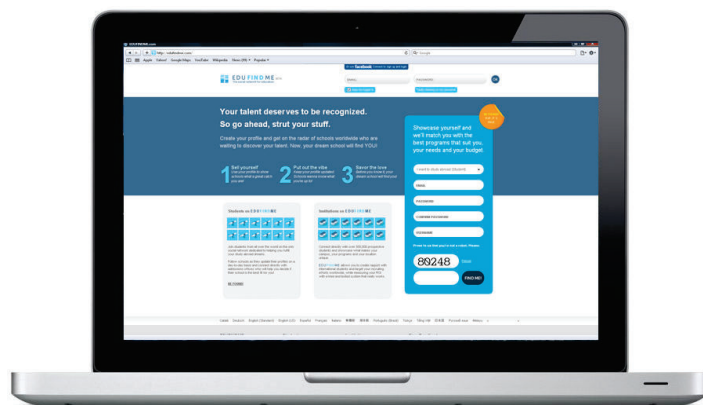

It's not easy to find talented students who are the right match for your school, and it's even more difficult to find them internationally. Not for lack of talent or resources - as a matter of fact millions of dollars in scholarships worldwide go unused each year - but it's a matter of connecting opportunity-seekers with opportunities.

At **EDUFIN DME** we do just that.

With our database of over 500,000 students from around the world, all of whom are actively looking to study abroad, we offer educational institutions the unprecedented ability to directly search, find and recruit international talent online.

Through **EDUFIN DME**'s unique social network, you'll be able to:

- Create an interactive profile for your institution, showcasing all the great things that make your school one-of-a-kind
- Target your recruiting efforts based on a list of detailed criteria that students provide upon their registration on **EDUFIN DME**
- Search, connect with and recruit students on a one-on-one basis, inviting them to become your fans
- Once students join your EDU-Community as fans, the flow of information is limitless, with the ability to field questions, invite them to events, follow one another's updates and create the kind of relationship that ultimately leads to enrollment
- With **EDUFIN DME**, your international recruiting strategy just got a whole lot easier.
